

aream has brokered a second electricity supply contract for Stadtwerke Halle's project company this year

Düsseldorf, 15. September 2026 – aream Group SE has brokered a long-term electricity supply contract for a project company within the Stadtwerke Halle group, which is managed by EVH GmbH.

The Power Purchase Agreement (PPA) covers 25 MW from a ground-mounted photovoltaic plant and thus represents part of the solar park's total capacity. The agreement runs for ten years, thereby securing electricity revenues for this segment over that period. The buyer is an energy supplier based in Berlin.

aream has supported the project company throughout the entire process. "This marks a continuation of our successful collaboration with Stadtwerke Halle," says René Kautz, CCO of aream Group SE, for which municipal utilities are a strategic focus. "We aim to establish ourselves as a partner for municipal utilities and further expand our PPA business. We see particular potential in co-location projects that combine photovoltaics and energy storage," says Kautz.

About aream Group SE

Founded in 2005, aream Group is a developer and asset manager focusing on sustainable infrastructure in the renewable energy sector. This includes wind and solar power, grids and storage technology. With its operations and asset management, project development and energy markets divisions, aream Group covers the entire value chain for renewable energy investments. With a transaction volume of more than €2.5 billion, aream is one of the leading asset managers in this market, generating around €40 million per year in green electricity from its own portfolio of investments. Since 2008, aream has produced more than 4 billion kWh of green electricity. As part of its growth strategy, several solar and wind farms as well as battery storage facilities are to be realised or acquired in the coming years. Thanks to its own project development within Aream Advisory GmbH, the group currently has a development pipeline in Germany with great potential. Further information: www.arem.de.
